

## GIVES BLOOD TO SAVE BROTHER

Transfusion Successful to Save  
Life of John  
Simmons.

To save the life of his brother, Eugene Simmons, eighteen years old, of Matoca, Chesterfield county, yesterday submitted to a transfusion of his blood to the body of John Simmons, fifteen years old a victim of hemorrhages. The operation was performed at the Memorial Hospital, and was pronounced a complete success. Both patients last night were said to be resting comfortably.

It will be necessary to operate on the youngest boy in several weeks, and in order to do this it will be necessary to build up his constitution. The first step was yesterday's transfusion. Eugene Simmons was informed that to save his brother's life healthy blood must be set flowing in his veins. He readily consented to give his, and the operation took place at once. The brothers were placed side by side upon the operating table and arteries in the arms of each were opened, connected, and several quarts of blood permitted to run from the body of the stronger to the weaker.

### BOWLING

The first bowling game of the series was rolled last night on the Palace Alley. Forest Hill, the South Richmond Giants defeating the Swansboro Tigers all three games.

**Cops Against Carriers.**  
The sale of tickets for the police picnic, July 26, at the State Fair Grounds, will begin Monday. One of the features of the picnic around which much interest centers will be a baseball game between a nine composed of bluecoats against a swift team of letter carriers from the Richmond post-office.

## Baby's Voice

Every woman's heart responds to the charm and sweetness of a baby's voice, because nature intended her for motherhood. But even the loving nature of a mother shrinks from the ordeal because such a time is regarded as a period of suffering and danger. Women who use Mother's Friend are saved much discomfort and suffering, and their systems, being thoroughly prepared by this great remedy, are in a healthy condition to meet the time with the least possible suffering and danger. Mother's Friend is recommended only for the relief and comfort of expectant mothers; it is in no sense a remedy for various ills, but its many years of success, and the thousands of endorsements received from women who have used it are a guarantee of the benefit to be derived from its use. This remedy does not accomplish wonders but simply assists nature to perfect its work. Mother's Friend allays nausea, prevents caking of the breasts, and in every way contributes to strong, healthy motherhood. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers.

garding the case at all. I do not care either to affirm or deny the story that Young is still living."

Father Visited Him Sunday.

Raleigh, N. C., July 13.—The uncle of Ensign Young, State Senator L. L. Hartsell, of Concord, who on Sunday visited him with the ensign's father, Dr. Young, to-night made the following statement: "Some days ago Dr. Young received a telegram of despondent tone from his son. He telegraphed back asking if anything was wrong. Ensign Young telegraphed that he was sorry, but that there was nothing he could do. "Dr. Young and I went to New York at once, and found Ensign Young on the Perkins, in apparent good health and spirits. He said he had a case of the blues when he telegraphed, and only needed a little money to pay some debts. We hadn't the slightest idea he was not allowed to go ashore, nor did we know that he had been absent without leave or that any charges had been preferred against him. Our first knowledge of this was in newspaper notices."

### BLUES SHIP MATERIAL TO BASIC CITY CAMP

Most of the heavy material to be used in the encampment of the Richmond Blues next week was packed and shipped yesterday. Lieutenants D. Bowles, Jr., and R. M. Bidsgood, with a detail of four enlisted men, will go to Basic City to-day to lay out the camp and to have all in readiness for the coming of the battalion on Sunday.

The shipment includes practically everything save uniforms. Most of the material has been completed. A nearly complete membership will be taken into camp, and with recent experiences gained by Major Bowles at San Antonio, the affair will have a strictly military aspect. It is planned to make this an actual demonstration of the availability of the battalion for real service.

**Summoned for Speeding.**  
C. G. Montgomery, of 511 West Marshall Street, chauffeur for Colonel Joseph E. Williams, Jr., was summoned by Bicycle Patrolman J. C. Napier to appear in Police Court for speeding in his machine on Wednesday night.

**Boy Runs Away.**

The Richmond police have been asked by the Norfolk authorities to look out for a boy, about 12 years of age, who is wanted for truancy.

## RESENTS REMARK MADE BY HEYBURN

(Continued From First Page.)

and urged the repeal of the "16 Dutch standard" test on imported sugar, which he declared operates entirely in the interests of the American Sugar Refining Company.

Hoping to reach a vote on the reciprocity bill next week, which Chairman Penrose, of the Senate Finance Committee, regards "next to a certainty," managers on both sides of the Senate chamber are figuring seriously on the subsequent program. Most of them have counted upon getting away after perfunctory votes on the Democratic free list and woolen bills, but to-day it became evident that other legislation would be pressed for consideration.

The four conditions of the Ardena and New Mexico statehood and reapportionment bills especially will demand votes, as will advocates of the campaign publicity bills. "Whatever their fate, these bills must necessarily be taken into consideration in all adjournment calculations. Senator La Follette, in a speech against reciprocity, to-day reviewed, act by act the administration of President Taft in unparliamentary terms, and declared that the contest involved was the "fight between the plain people and confederated privilege."

"Considered as a measure of reciprocity," said he, "it violates every tariff principle of reciprocity heretofore expressed in the platform declarations of the Republican party and recommended by former Republican Presidents. Considered as a tariff bill, it violates every tariff principle and platform promise upon which William H. Taft was elected President of the United States. The reciprocity bill reduces no duties, the effect of which can ever reach the people, but it does reduce duties for the millers, the packers, Standard Oil, the brewers, the coal companies, and in some measure for the already grossly protected interests. It is nothing that it pretends to be, and professes to be, a thing that it is. It is a little brother to the Payne-Aldrich bill, the greatest legislative wrong inflicted upon the American people in half a century."

**Sharp Criticism of Taft.**

Continuing his criticism of Mr. Taft's administration, Senator La Follette said: "Throughout the first pages of his first general message, he found no space to say a word for the great measures that had made the name of his predecessor revered and loved everywhere in the United States. "In all the record of this administration no more glaring example is presented of the complete surrender to special interests and the complete reversal of Roosevelt's progressive policies than that shown in dealing with the amendments to the interstate commerce act. It would have been difficult to have framed a piece of legislation affecting interstate commerce more harmful to the public interest than the bill drafted by the Attorney-General and recommended to Congress by President Taft."

"Heir to the Roosevelt policies, as a presidential candidate, Mr. Taft was a pronounced progressive, and the leading and most enthusiastic Roosevelt champion from the first to the last of the campaign. Three months after he was inaugurated he seemed to have forgotten that there ever had been any well-known Roosevelt policies. He had no sooner taken his oath of office than he sacrificed the progressive cause for the support of Aldrich and Cannon and their reactionary program."

"Reciprocity is a popular catch word. The President seized upon it. He made an executive compact the basis, not of a reciprocity treaty, but of a tariff bill. Upon this false basis he sought to force through Congress without amendment."

"In letter and spirit, this measure violates every principle and every promise of the Republican platform, express or implied, and every printed or spoken word and inducement employed to secure the votes necessary to elect William H. Taft. The bill and the Canadian pact are cruelly unjust to 33,000,000 people engaged in and dependent upon agriculture. "Joined with the executive to force this bill through Congress are the newspapers, frankly admitting their selfish interest, amounting to many millions of dollars; the railroads, the overprotected manufacturers, and practically every trust and combination backed by Morgan and Morgan influences."

### WANTS NO TAINTED MONEY

**Pensacola Turns Down Carnegie Library Proposition.**

Pensacola, Fla., July 13.—The City Council last night refused to appropriate money for the maintenance of a library. The philanthropist has offered \$25,000 if Pensacola would raise one-tenth of that amount. The people turned down the proposition several weeks ago on a referendum vote.

The argument was advanced that Carnegie's money was "tainted."

The one grand semi-annual bargain event to which all Richmond and surrounding sections look forward with the keenest interest, begins to-day, and with it and era of under-value selling that will create a tremendous sensation.

We are proud to admit that we have on hand the biggest overplus of Men's and Boys' apparel we have ever had at this period of the season. A temporary sacrifice rather than an ultimate greater loss is the platform upon which we launch this great sale. To the teachings of sound logic are due the reckless reductions that sweep this great quality establishment from end to end, undeniably the most tremendous bargain event ever introduced in this community. See window displays, or better still, examine the offerings at closer range on the inside—you will not be disappointed, no matter how high your bargain expectancy.

when the survey there was completed the party moved down to Highland Springs. Before long another move will be made to a point lower down, for the completion of the work. This survey is intended to be completed to the extent that its results may be taken by bidders as a basis for proposals for the actual drainage. It will show the amount of land which may be reclaimed from water, and the most practicable methods of accomplishing this result.

The United States government is paying all the cost of keeping the eight men in the field for months. The next step will be the formation of a drainage district under the new Virginia law, by which the landowners may practically pay for the reclamation out of increased profits from the cultivation of the rich land thus made available.
